

## A special class just for 2 year-olds!

The Spring session for 2-year-olds starts Tuesday, January 28th, 2025. Our program is designed to introduce young children to the world of ballet in a fun and engaging way. With a focus on creativity, movement, and expression, our classes are perfect for little ones who love to dance and explore. Our experienced instructors use age-appropriate techniques to help children develop coordination, balance, and flexibility. Caregiver participation is optional.

The 12-week session is only \$150, and classes are held on
